Convicting the Jews: Part 4

Doing Evil on the Sabbath is Jewish
by Professor Banjo_Billy, Kikenverminologist

Now, don't think that I am some sort of nasty old man just because I am lecturing on the lesser-known subjects of the Jewish religion. It is not me who is obscene, it is the subject matter, itself, that is so disgusting. Jews are about as disgusting a subject as anyone could ever consider. So, save your cuss words for the wicked Jews, not for the professor of kikenverminology who studies these filthy creatures.

Paragons of virtue, the holiest of the holy, the "Sons of the Covenant" -- that's what they call themselves -- those fearless fiends of the Anti-Defamation League of B'ad Br'eath. Those are the Jews who claim to protect their fellow sheenies from being called bad names like "child molester" or "thieving charlatan" or "perfidious traitor". Those brave and pious ADL kikes in business suits along with the Jews of the ACLU, spring to the defense of the Jewish child molesters and Jewish swindlers in order to protect the holy name of Judaism from laughter and derision and defamation. Oy vey! Such heroes they are! If you want to know why the Jews promote and protect perverts, then read on.

The ADL has the very important job of protecting Jewish sex fiends and other Jews from being hung. The ADL does this as they fiddle with their own holy dicks. After all, that's what the "Sons of the Covenant" do; they fondle their sensitive Jewish cocks, as is attested in that holiest of Jewish books, the Babylonian Talmud. You see, the so-called "Covenant" between God and the Jews of which the ADL is so proud, is claimed to be a fact with only the Jewish penis as proof and nothing more. When any other religious person is asked for the proof of his beliefs, he points to his heart and to his mind. But when a Jew is asked for the proof of his beliefs, he points to his circumcised penis. And you wonder why so many Jews are perverts when all that they have is their cocks in their hands as the proof of their holiness? Oy, what a religion!

Most non-Jews don't know that the circumcised Jewish prick is extremely sensitive to abuse and insult. Since the rabbi first put his sucking lips on the baby Jew's little weenie and sucked on it in the circumcision ceremony, all the cocks of the Jews have been made hyper-sensitive. The Jews have such holy nobs that, Heaven forbid that they should ever be touched with their own filthy Jewish hands! According to the rabbis, it is very excitable for a pious Jew to hold his own cock in his own hand while urinating because it creates what the rabbis call "a shaking in the limbs" whereby at any time, and totally beyond their control, they might ejaculate instead of urinate. Disgusting as this is, that's what the rabbis teach in the Babylonian Talmud. And the rabbis ought to know.

According to those hairy-faced rabbinical sex fiends, a Jew must never touch his own dong with his own hands. That's what the Talmud teaches. And the ADL, those "Sons of the Covenant", all follow this teaching because they are all pious Jews. So, how do they manage those holy dicks of theirs? Why, they use special penis rags, of course!

So, when you readers who are policemen and FBI agents pat down a rabbi or a member of the ADL for firearms or stolen bank deposits before arresting them, don't be puzzled by that piece of cloth that they carry with them. It is not a handkerchief for blowing their hooked honkers on; it is a special penis cloth that they use to wrap around their holy dongs when urinating. That's right! Jewish males are not allowed to touch their cocks with their bare hands when using the urinal because it is too exciting for them. They can't stand the self-stimulation without going nuts. They instantly become enflamed with passion and lust, desiring to do something with that

pulsating banana in their hands besides pissing out of it. So, the rabbis teach that they should insulate their holy penis from their hot and lusting Jewish palms with a special, penis cloth wrap around. Before they go wee-wee, the Jews wrap their holy weenies in a special holy rag. This insulates them from self-abuse. Nothing else works for a true "Son of the Covenant".

I bet you didn't know that those pin-stripped perverts of the ADL all hold their wieners in such high esteem. But as "Sons of the Covenant", that's what all pious Jews do. So, there is little wonder that there are so many old, Jewish faggots all eager to touch each other's dongs since they were so deprived as little kikes during potty training.

For you women who have read my essay on Jewish pussies in Part 3, don't think that I am a dirty old man because all I am doing is telling the truth about the Jews and their rabbinical teachings. Those teachings are so weird and the Jews are so sick that it is hard to believe that Jews are allowed to live on the same planet with Mankind.

Once you know how perverted the rabbis are, then you will understand where all of the homosexual perverts, kiddy diddlers and cross-dressing monstrosities come from. They are either Jews or they are Jewish lawyers from the ADL and the ACLU, all holding their cocks gingerly wrapped in a penis cloth and suing you for being normal. That's right! The Jews sue you for being normal because since they consider themselves as the Chosen Ones of God, they believe that everybody in the world should be a pervert, just like them. They want you to admire them as much as they admire themselves. And if the Jews cannot seduce you and your children in the restrooms, then they will sue you and your children in the courtrooms.

But don't the pitiable queers and child molesters need protection from bigotry? It's their civil right to be perverts and to molest little children, isn't it? Aren't they all just like you and me, except for the tiny little fact that they are monsters? It isn't fair that ordinary people be allowed to lynch child molesters and perverts or to cover them with tar and feathers, is it? Don't they need special protection from justice? Oh yes they do! So, the ADL and that other subversive and Communist arm of the kikes, the ACLU, are ready to protect the perverts from the wrath of the People. These circumcised sons of Satan step into the battle with one hand fondling their dicks wrapped in a special penis cloth while giving you the holy, Vulcan Star Trek salute with the other hand. That's Judaism. That's what Jews do.

But what else do Jews do? According to the rabbis, as they roll their bulging and blood-shot eyes toward Heaven and hump up and down over the Talmud, the Jews don't do anything except pray and study Torah. They are innocent Jews. They are such goodniks as they daintily dress their throbbing penises in special rags and follow the teachings of the Babylonian Talmud. Certainly, that Talmud must be a wise book since it has taught the Jews how to get away with every conceivable crime for the past 2,500 years.

After all, how can a criminal get away with his crimes without a good alibi? Everybody knows that from sundown Friday to sundown Saturday, the Jews are praying and carrying on like blazes in their synagogues. So, any felonies that happen during those times cannot be blamed on any of the holy Jews who are holding their cocks and praying. Doesn't that make sense? What better alibi does a Jew have than going to the synagogue to pray?

But according to the Talmud and the teachings of the perfidious rabbis, there is an exception for every law that God ever made, as long as it profits the Jews. So, when a Jew wants to do evil, then doing it on his holiest day of the week, is the time that the rabbis recommended for getting away with it.

In the first place, all Jews are forbidden to squeal on or to inform upon another Jew to the civil authorities. If a Jew molests a little child or swindles the old age retirements of a million old people, all of the Jews will rally to his defense and deny that he did it. So, if a Jewish criminal was not in the synagogue, then according to the laws of the Talmud and the vows of the Kol Nidre, the Jews are supposed to lie about it if asked by the authorities in order to protect the Jewish criminals and Jewish perverts who would otherwise give a bad name to Judaism by getting caught. It is a teaching of the rabbis that the Jews are commanded to lie to protect each other from the civil authorities. After all, they are innocent and holy Jews so how can they ever do any wrong? As the rabbis teach, Jews have a right to lie in order to keep up appearances.

But what could such holy and virtuous people possibly want to do on their Sabbath other than to pray? According to the rabbis, a Jew can do anything that they want to do, even commit crimes. In fact, the rabbis teach that the very best time to commit felonies is on the Sabbath since the Jewish criminal has the guaranteed alibi of the entire congregation of lying and genuflecting Jews backing him up. And the cops can't prove that these false witnesses are lying because the cops weren't in the sin-o-gog. It's the perfect alibi, the word of one cop against hundreds of pious lying Jews.

For example, every Jew knows that if his holy cock is getting out of control like a bull in his underwear, then he has every right as a Jew to indulge his lust in whatever way he wishes. Suppressing his desires and taming his lust is not a part of Jewish tradition. Just as long as he doesn't give a bad name to the oh-so-wonderful Judaism, he can follow the lusts of his prick. If the non-Jews knew that Jews do nasty and revolting things, then they won't believe the lies that the Jews tell. And if you don't believe their lies, then how can the Jews deceive and betray the People and swindle our money? Therefore, it is vitally important to the rabbis that no Jew gives a bad name to Judaism. So, to keep their swindles profitable and undetected, lies and hypocrisy are highly recommended by the rabbis.

In the Talmud, the rabbis teach Jewish perverts to sin secretly somewhere that they aren't known. In Mo'ed Katan 17A it says that "When one finds that evil appetites are taking hold of his senses, let him repair to some place where he is unknown, let him dress himself in non-Jewish clothes and follow the impulses of his heart." Yes, the rabbis are very clever in helping their Jews to disguise themselves as Gentiles before picking up queers, visiting whorehouses or before molesting little children. No foxtail hat or Jewish side locks for them when they are raping little kids. Certainly not! Only if they dress themselves as a non-Jew are Jews allowed to indulge their lusts. They are allowed to commit any sin in disguise as long as they are not recognized as Jews while doing so. That's Judaism in action. And a Jew who follows such advice, is considered by the rabbis to be a pious Jew.

"Yes," the rabbis will tell you, "that child-raping pedophile rabbi in the prayer shawl with a little box strapped to his head, has given herpes and gonorrhea to a dozen baby kikes while he was a circumcision mohel. But what a pious Jew he is! Oy! Such a holy man!" A great sigh and a smile is recommended after such descriptions of piety because the rabbis teach that a Jew is so pure that he can do any evil without becoming any less holy. To a rabbi, even the most obscene pervert is as innocent and as pure as fallen snow if that pervert is a Jew. All Jews are holy by rabbinical decree and are thus beyond reproach.

But what about those Jews who want to do something really, really evil, like burn down their warehouse to collect the insurance, or murder a business rival and blame it on the local Catholic priest? Well not to worry. The ingenious rabbis have figured out a scam for every contingency all recorded in the Talmud. According to the rabbis,

the best time to do evil deeds is on the Sabbath. That way, no one will ever suspect a pious Jew of the deeds. However, there is a strict rule that the rabbis recommend for doing evil on the Sabbath. That is, that the evil deed can only have a destructive purpose and cannot be done for the fun of it or to gain anything. In other words, a Jew must be completely dispassionate when doing evil on the Sabbath. He must do evil on the Sabbath out of a sense of Jewish duty.

However, even here, the holy and pious rabbis have a disagreement over the finer points of doing evil things on the Sabbath. As it says in Baba Kama 34B "Any work [on the Sabbath] that has a destructive purpose entails no penalty [for the violation of the Sabbath], with the exception, however, of the act of inflicting a bodily injury, as also of the act of setting on fire." So you might think that killing or beating to death a business rival or burning down a warehouse to destroy a competitor's goods, would be forbidden on the Sabbath since the one inflicts bodily injury and the other is arson. But again, the rabbis lie out of both sides of their hairy faces at once as their fellow rabbis disagree with such a philosophy. After all, it is the Sabbath, isn't it? The holiest day of the week! So, these illustrious rabbis reply that "the infliction of a bodily injury refers to where the blood was required to feed a dog; and in the case of setting on fire, where there was some need of the ashes."

And there you have it. A Jew is allowed to beat to death and murder his business competitor on the Sabbath as long as he doesn't use his victim's blood to feed a dog. And he is allowed to burn down his competitor's warehouse as long as he doesn't take any of the ashes away with him. Doing any kind of evil on the Sabbath is only limited by those two rules. As long as the evil deeds are done on the Sabbath and those two rules are followed, then the Jew is innocent of all blame. And he is most likely to get away with his crimes with a good alibi backed up by pious, synagogue Jews all claiming that the miscreant was there with them praying and couldn't possibly have committed the crime. What a great religion!

Because doing evil on their holiest day of the week is recommended in the Talmud, what makes you think that the Jews are any better at following any of their other alleged virtues and laws? This is one reason why the Jews can be child molesters while still claiming to be pious kikes. They molest and rape little kids, promote homosexuality, and defend every kind of pervert because the Jews actually are perverts. But unlike the other perverts of the world, the Jews have a so-called "religion" which they point to and say, "See, we are holy and pious". But what they don't show are all of the demonic teachings that prove them to be the liars, the deceivers, the hypocrites and the murderers that Jesus said that they are. They will show you in the Talmud everything that makes them look Good while hiding everything that makes them look Jewish.

With their blood-shot eyes rolled up in their heads looking to Heaven, the rabbis are regularly seen humping up and down over the Talmud while pretending to be holy. It is a charade that they have played so very well for over two thousand years. Their make-believe has fooled millions of people and they are accomplished at it. They are such excellent actors that not only have they deceived the millions of Jews who have been swindled out of their everlasting souls by the rabbis but they have actually fooled the real and genuine holy men who are leaders of the Christian, Buddhist, Hindu and Taoist religions today. Rabbis are superb method actors and they do the Devil proud. So, they wiggle in among the other religious leaders as if they belong there, rather than hanging from their necks in their rightful places on a gibbet.

Behold the holy Jews! Their rabbis are such pious and observant kikes! They wrap their holy cocks in a dirty rag so that they aren't tempted to masturbate. Then, once the trembling in their limbs has subsided, they urinate in a holy way and bless themselves with the Vulcan Star Trek salute.

Modern psychologists would probably all tell you that it is this Jewish potty training that is the problem. From the time the baby kike is circumcised by a rabbi who then sucks on his cock, to the time throughout his adult life where he is oh-so-careful about touching his holy prick, it is these things that creates more perverts among the Jews than are found among any other people. A modern psychologist would most certainly tell you this, except for the fact that most of the modern psychologists are pious Jews who wrap their circumcised cocks in a penis rag before urinating while they give the Vulcan Star Trek salute. And these Jewish psychologists then all give their solemn promise to you that faggots are normal.

Are you thoroughly sick of Jews, yet? Oh, there is a lot more to learn about those devils.

The next time you meet someone from the Anti-Defamation League or one of those very serious canvassers who represent the ACLU as they work ceaselessly door-to-door for the right of faggots to molest little boys and to be Cub Scout leaders, clap your hand over your mouth and try not to laugh in their faces. The Jews are the devil's own clowns playing at holiness. And they demand that you take them seriously.

But whatever you do, do not -- I repeat -- do not look to see if their hands are holding their groins. That causes either an uncontrollable trembling in their limbs and gives them sexual fantasies toward you or it means that you are not being enough in awe when in a Jew's holy presence. Maybe they will sue you for not worshipping them enough.

The Jews fill their obscene lives with perversions and then sue you in court for being normal. They promote the so-called "rights" of perverts and child molesters to be as disgusting as they wish, giving those fiends the so-called "right" to molest little children while the ACLU lawyers sue you for protesting against such deviltry. To a Jew, perversion is normal; and if you are not a pervert and if you are perfectly normal, then the Jews call you a bigot. Oh, such an evil person these demons try to make of you! Oh, a bigot! How terrible! But that's the best that they can do as the black leather wings of the rabbis unfold before the fires of Hell and these hairy-faced hypocrites call their Jews forth in chattering and screeching flocks to promote perversion and to rally against Virtue. And you are called such an awful bigot if you oppose them.

Jews are like that, you know. Or haven't you noticed?
